Project Requirements: Login Module

1. The login page must display a 'Welcome Back' header.

2. There must be a 'Username' input field with ID 'username'.

3. There must be a 'Password' input field with ID 'password'.

4. Both fields are mandatory (required).

5. There must be a 'Log In' button with ID 'login-btn'.

6. Clicking the button should submit the form.
